PRINT COLLATERAL

Broadleaf's print collateral typically consists of flyers, brochures, and conference booth graphics.

In order to print collateral in full bleed please add an additional .25" to all sides of the file. 1/8" will be for the margin and another 1/8" for the crop area. The example on the right is a full bleed collateral that was recently printed.

Basic rules for print:

- Use 300 dpi
- Ensure color is set to CMYK
- When necessary accomodate .25" for full bleed
